UNIT 1 MINI PROJECT REPORT

Introduction to Networking and Data Communication

Project Title:

Building a LAN in Cisco Packet Tracer.

Name: Karle Krishna Chandrashekhar

PRN No.: 2125UCSM1059

Class: SY Cyber Security

Subject: Network Protocol Configuration

Software and Hardware Requirements

Requirement	Details
Software	Cisco Packet Tracer
Operating System	Windows
Router	Cisco 1941
Switches	Cisco 2960
End Devices	4 PCs
Cable	Copper Ethernet cables
IP Version	IPv4

1. Network Topology:

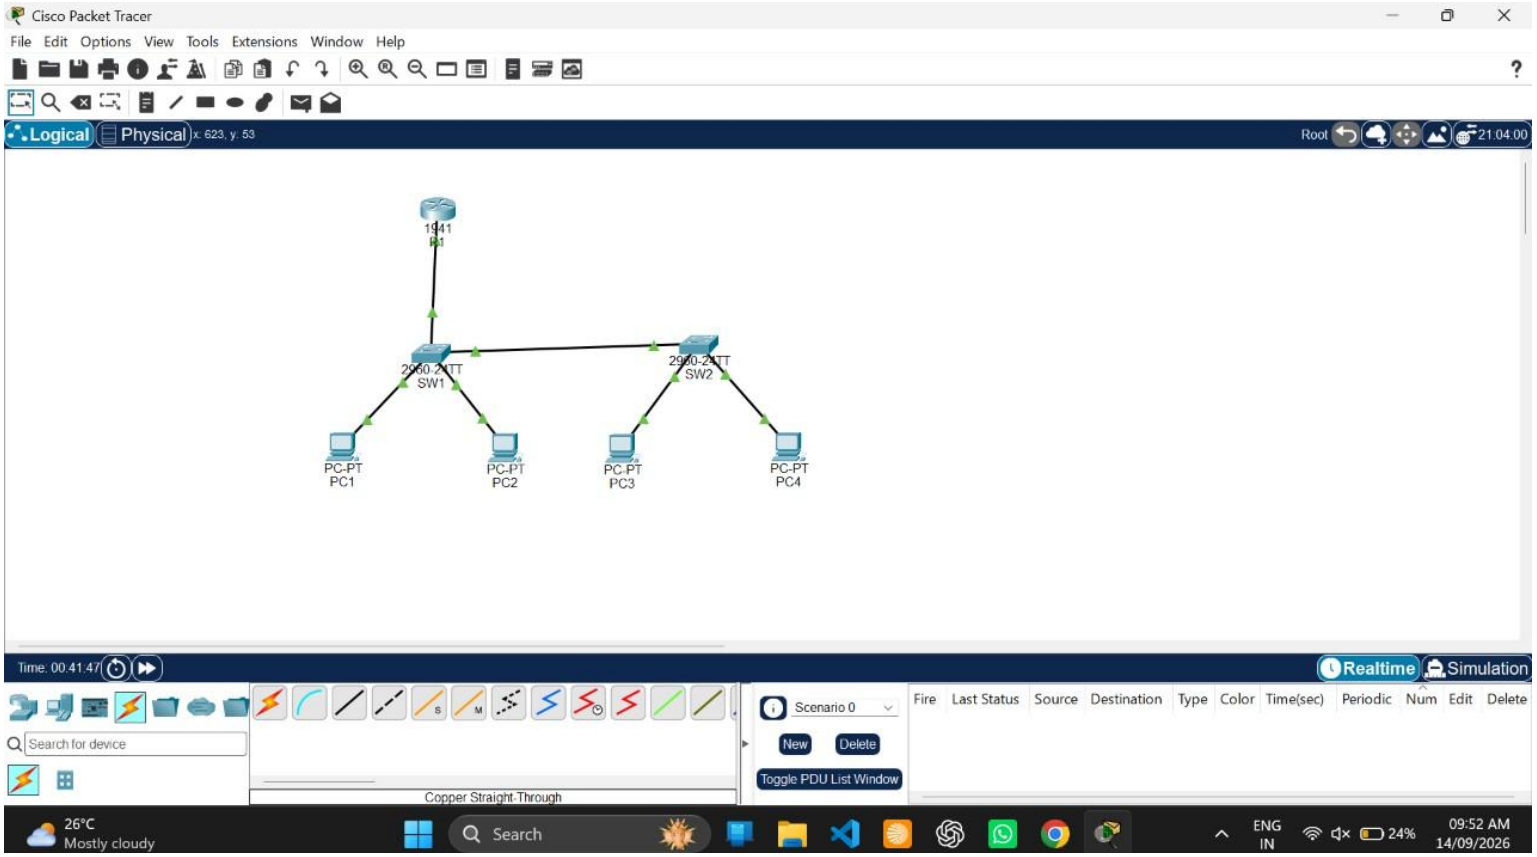

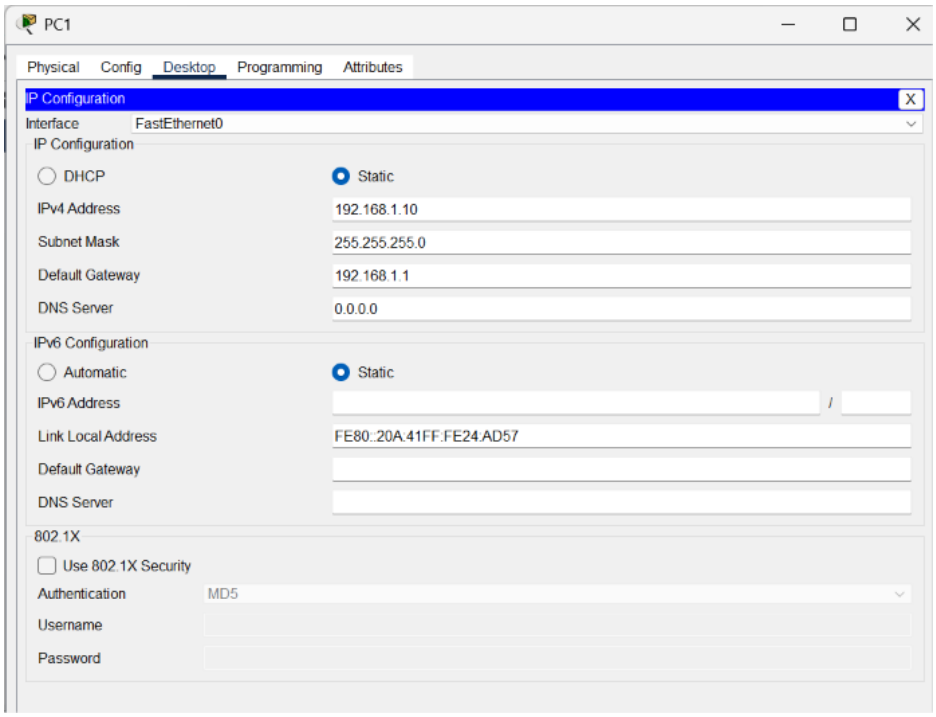

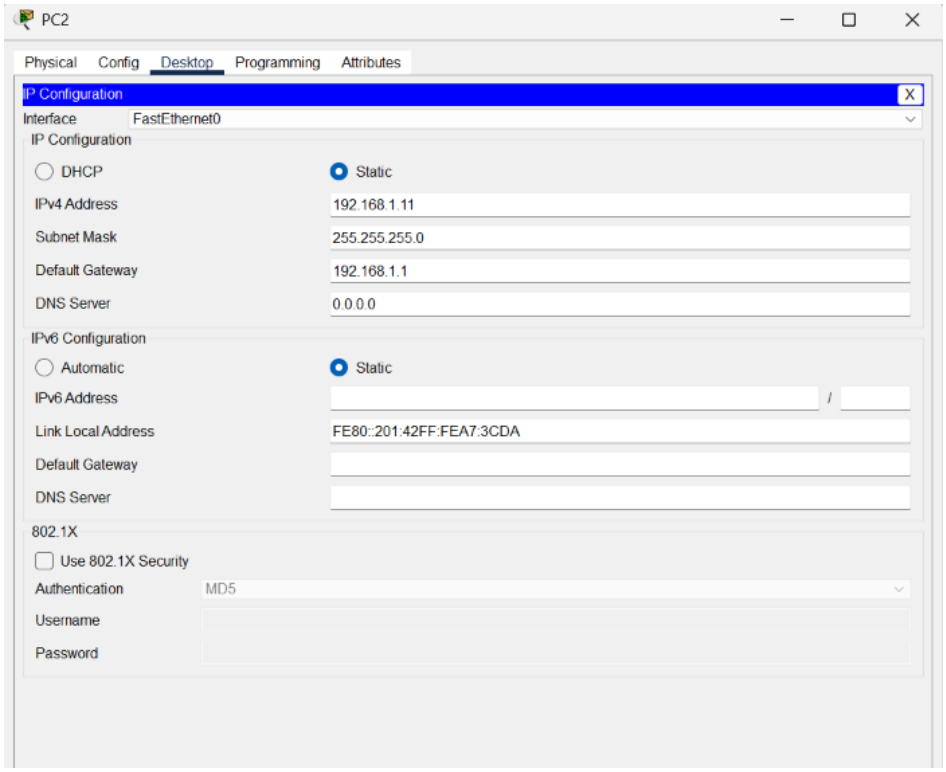

Figure 1: LAN topology created using Cisco Packet Tracer

2. Configuration Procedure

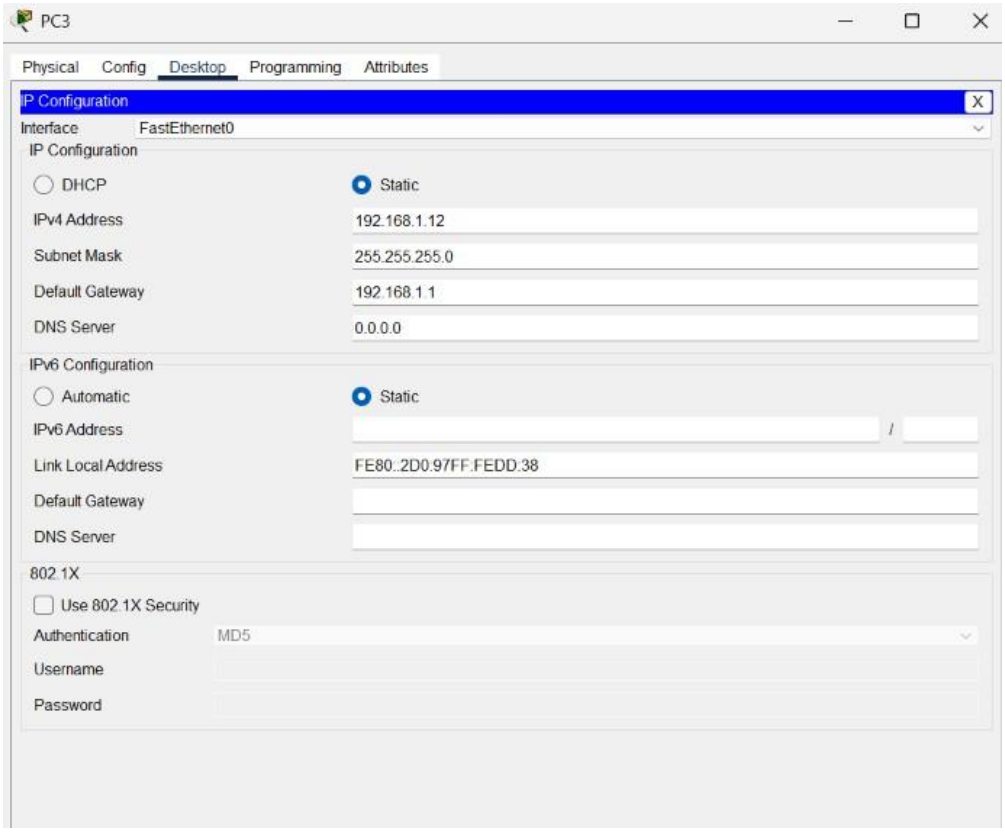

i. Configure PC1:

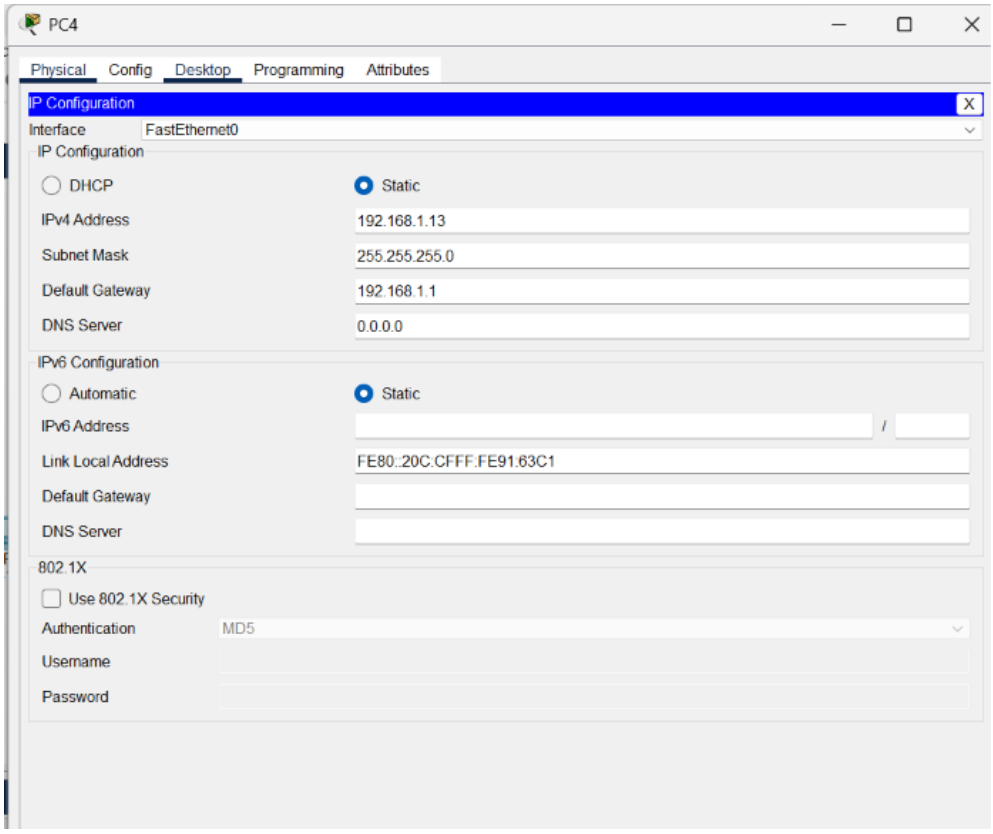

ii. Configure PC2:

iii. Configure PC3:

iv. Configure PC4:

3.Connectivity Testing
